Yahoo! Small Business Implementation Guide

NOTE: Currently the Bongo Checkout module for Yahoo! Small Business only supports Single-Page Checkout. To enable Single-Page Checkout, open the **Checkout & Registration Manager**, select **Global Settings**, and choose **Single-Page**.

1. Open the provided file bongocheckout.yahoo.js and on line 157 enter your **partner key**.
2. From the Store Manager, open **Store Editor**
3. From the administration bar along the top of the screen, select **Files**. If you do not see this option, click the arrow to expand the menu.
4. Click **Upload**
5. Select the provided file **bongocheckout.yahoo.js**, **set the filename to bongocheckout.yahoo.js.** Ensure you have already edited this file and added your partner key.
6. Click **Send**
7. Click **Publish All Staged Files**
8. Right click the link to the uploaded file and select **Copy Link Address**, or click on the link and copy the URL from your address bar.
9. Go back to the **Store Manager** (from the Files area, click Index then select Manager)
10. Open the **Checkout & Registration Manager**
11. Click **Page Configuration**
12. In the Page Message area, add the code below:

   ```
   <form name="internationalForm" action="[CHECKOUT_PAGE_URL]" method="post"></form>
   ```

13. Replace **[CHECKOUT_PAGE_URL]** with the applicable URL given to you in your Partner Portal (http://bongous.com/partner).
14. Further down on the page in the HTML Head Section, add the following code:

   ```
   <script type="text/javascript" src="https://ajax.googleapis.com/ajax/libs/jquery/1.5.2/
   jquery.min.js"></script>
   <script type"text/javascript" src="[URL OF YOUR bongocheckout.yahoo.js FILE]"></script>
   ```

15. Click **Save**
16. From the Store Manage page, **under Order Settings click Publish**
